### **Inspiration**

What crime most changed the course of history?

The execution of Jesus of Nazareth was a travesty of justice, but his followers' belief that he rose from the dead contributed to the end of the pagan Roman empire.

Gavrilo Princip assassinating Archduke Franz Ferdinand. This crime triggered World War I, led to the October Revolution and the end of the Hapsburg and Ottoman empires, rewrote the world map, set the stage for World War II, and affects just about every person alive today.
